WHEREAS: Reinforced concrete pipe and precast concrete products are of vital importance to sustainable communities and to the health, safety, and well-being of the people of Arkansas; and

WHEREAS: Such reinforced concrete pipe and precast concrete products and services could not be provided without the dedicated efforts of the concrete pipe and precast concrete industry, the trucking industry, the sand and rock producers, and the cement producers and employees, who are responsible for designing, manufacturing, distributing, educating, and supplying reinforced concrete pipe and precast concrete products to the owners and contractors, who design, construct, and maintain our transportation and storm drainage infrastructure and our residential and commercial subdivisions, which are so essential to our citizens; and

WHEREAS: It is in the public interest for the citizens and civic leaders in Arkansas to gain knowledge of and to maintain a progressive interest and understanding of the importance of reinforced concrete pipe and precast concrete in their respective communities.
