

STATE OF ARKANSAS
EXECUTIVE DEPARTMENT

PROCLAMATION

TO ALL TO WHOM THESE PRESENTS COME – GREETINGS:

WHEREAS: Rett syndrome is a rare postnatal genetic neurological disorder that occurs almost exclusively in females, and rarely in males; and

WHEREAS: The symptoms of Rett Syndrome usually do not appear until 6 to 18 months; and

WHEREAS: A regression period follows where acquired motor skills are lost, leading to lifelong impairments including loss of speech, seizures, scoliosis, and irregular breathing patterns. The hallmark sign of Rett syndrome is near constant repetitive hand movements while awake; and

WHEREAS: Those diagnosed with Rett syndrome require maximum assistance with daily living activities; and

WHEREAS: The disorder is not degenerative, and biomedical research in mice suggests that neurological symptoms may be reversed even after decades of severe symptoms; and

WHEREAS: With the discovery of the gene that causes Rett syndrome (1999), research in the lab that proves the theory of reversibility of the disease (2007), the discovery of breakthrough testing in vitro models (2010), and the launch of multiple disease-modifying human clinical trials (present), we now reach an unprecedented and historic moment in time where we must do everything possible to fund the truly life-changing research in front of us; and

WHEREAS: We should continue our efforts in bringing awareness to the medical community, therapists, teachers, caregivers, and the general public, as well. We should support researchers who are dedicated in finding a cure for Rett syndrome. The State of Arkansas supports this shared mission;

NOW, THEREFORE, I, ASA HUTCHINSON, Governor of the State of Arkansas, by virtue of the authority vested in me by the laws of the State of Arkansas, do hereby proclaim October 2020, as
